Plots S.Nos. 168/2A, 76/1 and 205/1 of Kompadavu village measuring in all acres 14.94 have been assigned by the Tahsildar on 24-12-20 to the Kalavar Church in D.R. Case No. 129/30 on his file. The plots ~~except~~ except a small portion of 76/1 form kumaki to the Kadim land S.No. 65/5 belonging to the said church which has therefore preferential right over them. The church is, however, under the Parish Union of the Diocese of Mangalore headed by the Lord Bishop who is not a British subject. The assignment made by the

Tahsildar without Government sanction is contrary to note 1 of B.S.C. No. 15. I beg therefore to recommend that sanction of Government under note 1 to B.S.C. No. 15 may be obtained to validate the assignment of the plots in question.

Read the following paper:-

Letter from M.R.Ry. A. Ramacha Nedungadi Avl, B.A.,B.L., Collector of South Kanara, Ref. C. No. 833-22-V7 dated 3rd June 1922-

The Mother Superior of St. Annes Convent, Mangalore has applied for the assignment of S. Nos. 80/2D1A2 and 80/2D1A3 of Someshwar village, Mangalore taluk, measuring ~~1.25~~ 0.26 acres and ~~26~~ 1.25 cents respectively. Both the plots are situated near the Ullal Railway Station and the Railway authorties have no objection to their assignment.

2. Of the two plots, S. Nos.80/2D1A2 has already been

enclosed by the Mother Superior along with the adjoining patta land belonging to the Convent. The other plot, viz. S.No. 80/2D1A3 adjoins the hosagame land S.No. 80/3 belonging to the Convent in which the rest house built by the Convent stands. The Tahsildar reports that both the plots are essential for the Convent in connection with its rest house in S.No. 80/3 as their grant to others would shut out the sea view and otherwise affect the utility of the rest house. I have inspected the plots and I agree with the Tahsildar.

3. As the Convent is reported to be under the control of His Lordship the Bishop of Mangalore, who is an Italian, sanction of Government is necessary for the assignment of the plots in question to the Convent under Note (i) to para (1) of B.S.O.No.15.

4. I therefore request that Government sanction may be obtained for the assignment of the plots to the Convent.

Letter from M.R.Ry. A. Ramacha Nedungadi, Avl., B.A., B.L., Collector of South Kanara, No.Ref.C.604-22-V.1, dated the 20th September 1922:-

The following assignments made to the Lord Bishop of Mangalore who is a non-British subject require the sanction of Government under para. 23 of Board's Standing Order No.15 as revised in B.P. No.10, dated 28th February 1922:-

Village Alpe - S. Nos.156/2A, 158/1, 4, 159/1, and 161/1, measuring 19.17acres, assigned on 18-1-19 by the Tahsildar of Mangalore in D.R. Case No.61/1326.

Village Alpe - S.Nos. 156/1B and 159/2, measuring 1.34 acres, assigned in appeal by the Divisional Officer in the said case

case on 31-8-1919.

Village Alpe - 156/2B2, measuring 8½ cents assigned by me on 12-7-22 in revision in the same case subject to the approval of Government.

All the above plots excepting 159/2 lie within the kumaki limits of the kadim lands belonging to the Bishop and hence he has a preferential claim to the plots. 159/2 though lying beyond the kumaki limits of the Bishop's kadim land, immediately adjoins his kumaki and was assigned to him on the ground that it was absolutely necessary for the cultivation of his kadim lands. I request, therefore, that sanction of Government may be obtained to validate the assignment of the said plots to the Bishop.

I submit herewith a list of lands assigned to the various Roman Catholic Churches in the several Taluks of the District since the date of G.O.No.1867, Revenue, dated 13th May 1918 witnout obtaining the previous sanction of Government. The churches being under the control of the Lord Bishop of Mangalore who is a non-British subject, sanction of Government should have been obtained before granting the lands on darkhast under the aforesaid G.O. printed as Note 1

pp 22-24 infra

Note 1 to B.S.O.No.15, Volume I. (para 23 in the revised S.O. at p 8 of 1930 Edn.) (S)

2. The several plots mentioned in the list form either kumaki or lagthi to the kadim and hosagame lands belonging to the churches and they are reported to be quite essential for them. The churches have also preferential rights to these lands. I beg therefore to recommend that sanction of Government may be obtained to validate the assignment of the plots in question.

3. In addition to these plots the Deputy Tahsildar of Beltangady has assigned on 15-4-1920 in D.R. case No.16/1329 on his file plot S.No.239 of Padungadi village, measuring acres 9.20 to Rev.Fr. A. Gaviraghi, S.J., who applied for it for the establishment of an agricultural settlement for depressed classes. In the first place, the assignee being a non-British subject the assignment is contrary to Note 1 to B.S.O.No.15. Again the grant should have been made subject to the conditions mentioned in G.O.No.2291, dated 6th October 1916, communicated with B.P.No.2033, Mis., dated 6-12-1916 relating to similar grants. The assignee having already occupied the land for the purpose mentioned by him, I do not think it advisable to cancel the assignment. I recommend that Government sanction may be obtained to validate the assignment of this plot and the grant made subject to conditions similar to those laid down in G.O.No.2291, dated the 6th October 1916 quoted above except that the assessment on the plot should be paid in full.

Para 2 of the Government memo.

I enclose a copy of the letter dated 21st May 1924 from the Mother Superior of St. Ann's Convent. The letter would show that the three schools referred to in para 1 thereof are attached to St. Ann's Convent and that the office of the Association is held there. In view of these facts,

facts, the St. Ann's Convent may be considered to be an integral member of the "Apostolic Carmel," and the assignments may be sanctioned in the name of the "Apostolic Carmel" which is a registered body.

Para 3 and 4 of the Government Memo. — p. 53 sup

The Bishop of Mangalore now styled the Administrator Apostolic has no objection to the transfer of the lands in Alpe village assigned in the Bishop's name to the Parish Union of the Diocese of Mangalore which is a registered body. Similarly, the assignment of 9.20 acres of land in S. No. 239 of Pandangadi village in the name of Father Gaviraghi attached to St. Peter - Claver's Church, Arva, may be made to the Parish Union with the usual safeguards against alienation. The above church is a member of the Parish Union figuring as item No. 3 of the extract from the Register of Membership submitted to the Board on 20th September 1923 with this office Ref. C. With reference to your letter Ref. C. No. 5037-21-V2, dated 18th May 1924, I have the honour to state that the Certificated copy of the deed of registration furnished by me specifies the schools (Educational Institutions) maintained by the "Apostolic Carmel. Every school is attached to a Convent. (1) St. Ann's Secondary Training School for Mistresses and (2) Model and St. Mary's School, Mangalore, are three schools attached to St. Ann's Convent Mangalore; moreover, the Association has its office at St. Ann's Convent, Mangalore (See page 1, Art. 1 of the deed of registration).

Under the title "Apostolic Carmel" are included eleven Convents, maintaining the twenty-five Educational Institutions specified on page 1 of the deed: St. Ann's Convent, Mangalore is the chief among all these Convents. — p 43 sup

I am enclosing an authenticated copy of the deed with request it may be returned after reference.

This is a large assignment — I am very doubtful if it is advisable to go on increasing the area held by these religious bodies — (1) What — the total area held by the Church should ultimately be — and what — (2) What — the total area held by the Bishop — the same Taluk? —

I wish to bring to notice the practice of assigning considerable areas of land to a person or body which is not in any sense British in South Canara. The total area now held is over 1,000 acres but the custom of continuing to assign on the ground that the holder of one portion has rights over another under South Canara custom is so general that as in this case the Tahsildar has assigned 14 acres more without even a reference to the Collector.

All such cases should of course come to Government for consideration but there is no direction of Government as to the grounds on which these cases should be dealt with.

(1) Does Government think that a foreign body though a religious one should be allowed to go on acquiring indefinitely?

(2) If not what limit should be set?

(a) I would suggest that no more land be assigned on the mere ground of adjacent rights unless the Divisional officer satisfies that such grant is essential to protect land or rights already held, or unless the grant be for some specific object or institution.

(b) In this particular case as the Tahsildar has made the grant in 1920 it may be confirmed.

There is nothing peculiar about the Kalavar church. It is simply a case of the aquisitive nature of the R C church in the hands of the Jesuits I would go further than Rev Sec. suggests refuse all assignments to aliens unless it can be shown that they serve some public purpose which cannot be attained in any other way; & I would refuse ratification in the present case

I am not quite sure whether the proposed order is meant to represent the view that we do not want Chiefs to hold land at all or whether it is merely that we are not to grant the land free of charge. Are we for example prepared to make that condition even if they pay the full market value? If it is the broader issue we ought to face before we lay down any line of policy.

The disadvantages of allowing foreigners to acquire land were clearly brought out during the war & we are not yet through with the disposal of the property of German nationals. It was clearly the intention that all acquisitions should be discouraged & there seems to be no reason to depart from that policy Writing without references, I am not aware of any law which makes it necessary to accept the bid of foreigner at a court or any other sale

We can now attempt to deal with the question only to the extent that it is within our power to do so & discourage large assignments of land to our disposal to foreigners. This by itself will be

Sir 20.11.22
RD 27.11.22

a move in the right direction. It is often alleged not without justification that ordinary rights working to obtain land assignments find it difficult to compete with Missionary bodies. I do not see why we should pursue the former in such a direction when the interests involved are those of foreign missions. I will therefore return the proposed draft order.

The other question raised, though intimately connected is rather a big one and would need legislation. I should refrain from provoking a discussion of it at this stage.

1 I am sorry to be a nuisance but before going further I should like to know how we propose to make these cancellations effective. If I remember right in another case, concerned with a non-co-operation School, we found that though we might legally cancel the grant we had no practical power to put the cancellation into effect.

2 I confess I do not like this sudden series of cancellations in cases where the Collector has recommended ratification.

I think before we cancel we should at least ascertain the exact purpose for which the land is being assigned. If for example it is cultivated and affords employment to the depressed Christians of South Kanara who otherwise would not have the capital to cultivate the land, it seems to me that that would be the proper ground for ratifying the grant.-

3 In the case of the Convent we are told that one of the plots has already been enclosed, presumably by a wall; the other adjoins the Convent Resthouse and the grant of this land to a stranger will spoil the resthouse. While I agree that as a matter of policy we should restrict grants to foreigners except see in them some benefit to our own people I very much doubt whether it is fair to make this order retrospective.

4. As regards the general order to be issued I should have no objection to stating that assignments should not be made to aliens unless it can be shown that they serve some public purpose, but I would not add the words "which cannot be obtained in any other way" under "public purpose" I would certainly class the employment of the depressed classes.

The Carmelite nuns of Mangalore, bought a plot of ground in Ullal (somewhere believe) on the sea shore & built a house (Stella Maris) which they utilise for invalids as they Canon. appd to us & not as other Sanitariums They are indigenous nuns but under the Supervision of the Bishop, who is an Italian

In 1921 they applied for a plot of land adjoining their present plot, about 1½ acres or so which has not yet been assigned to them The Collector in his letter Ref C. no 2287-22-V.7 of 13.1.23 says that Govt. orders in the matter have not yet been received - I should be very grateful if early orders are passed

Sir, Please see the Hon'ble C.'s
ote at pages 11-12 above, from
hich it will be seen that the
ratification or cancellation of
he assignments was to depend
on the exact purpose for which the

several plots are being used. Accordingly the Collector was asked in the ORV at page 25 above to report how all the lands mentioned in his several letters are occupied The statement which he has submitted does not contain this information & is therefore quite useless The several assignments are however dealt with below with the information available in the file & where the required particulars are not available it is proposed to ask for them before final orders are passed.

As regards the lands belonging to the Malavar church, particulars of which are given in the statement at pp. 18-19 above it is clearly necessary to ascertain the exact ~~purpose~~ use to which each of the plots is put That no improvement has been effected does not necessarily mean that the land is not being put to any use at all. Eg. ~~the~~ it cannot be that the 4.52 acres of land (item 2 at page 18 above) round which a

~~19B~~

fence has been put up by the tenants of the church are not making any use of the land. Similarly in the case of the comparatively large extents forming items (3), (14) & (13)

CONFIDENTIAL.

Kindly see the results of the enquiry as to the tenure of fields by persons of various nationalities in South Kanara in pp.34-7 of note file. All the churches which are marked with a red tick are included in a Parish union which is registered under Act XXI of 1860.

I do not think we can object to the grant in any of these cases and this may be confirmed.

On the otherhand I cannot find that St. Annes - Convent has been registered although a large number of Educational Institutions connected with it have been registered. Further enquiries will be made on this point.

I do not feel sure how the case of the Bishop of Mangalore should be treated. He already holds a large extent of land. I think we should require that the land should be transfered to some body which is Registered in British India. Similarly with reference to grants to Father Gaviraj which are to be given for depressed classes. Either they should be made to the actual cultivators or to some registered body

on their behalf. If this principle is generally approved orders will be issued accordingly.

Taris

Please see Memo. - paras 2, 3 & 4 - at pages 52-54 and Board's Refce at pages 58-60C.7. The three cases of assignment of land still remaining for disposal are dealt with below.

2. St. Anns convent Mangalore - S.no 80/2 D1A2 (.26 acre) and 80/2 D1A3 (1.25 acre), Someshwar village, Mangalore taluk - H3-4C.7

base 36 above

As recommended by the Collr - pages 58-59C.7 - the assignment may be made in the name of the "Apostolic Carmel" a registered body - Vide pages 58-59 C.7

3. Bishop of Mangalore - Bd's Refce at pages 17-18 C.7.

These assignments may be made in the name of the Parish union of the Diocese of Mangalore - Vide page 59 C.7.

page 35 above

4. Father Saviaghi - S.no 239 (9.20 acres), Padurpadi village - para 3 at p. 20C.7, pages 35-36C.7, para 3 of Mr. Lyth's note at pages 40-41 supra, para 4 of Memo at pages 53-54C.7; and Collr's reply at page 59C.7.

The land was

assigned to the Rev. Father for an agricultural settlement for depressed classes - para 3 at page 20 C.D. - but 3.96 acres out of the total extent of ~~9.20~~ 9.20 acres contain chapel building, Residential house church & well leaving only 5.24 acres for assignment to the depressed classes - vide pages 35-36 C.D. This is too small an extent to be assigned for a settlement subject to the elaborate conditions usually imposed in such cases - eg. Sale to Rev. Fr. 24-4-1922. It is not known whether any portion of this area is in the occupation of depressed classes. The best procedure appears to be to confirm the grant of the 3.96 acres built upon in the name of the Parish Union - page 59 C.D. -, and to cancel the assignment of the remaining 5.24 acres and order assignment to the actual cultivators of any portion under occupation subject to the condition prohibiting alienation usually imposed in the case of ~~,~~ ants to depressed classes in para 38 pros. & O. no. 15. For orders

I don't see that this a serious objection. A.M.J.

(D)

Please see Collector's report at pp. 35-6 of.

I take it that we may assume from his silence on the point that there is no occupation by members of the depressed classes in the 5.24 acres - he says that that extent is available for cancellation. It may be

29/6/24

S.K. 29/6/24

to cancelled & Collector informed that it should be reserved in the ordinary way for depressed classes. If we leave it with the priest he will probably, if he uses it at all, use it for buildings – not for cultivation.
